

General Services Administration (GSA) One Acquisition Solution for Integrated Services

OASIS is a Multiple Award, Indefinite Delivery, Indefinite Quantity (MA-IDIQ) task order contract for Government-wide professional services that:

- Allows for all contract types at the task order level, including Cost-Reimbursement, Fixed-Price, Time-and-Materials, and Labor-Hour
- Has been adopted as the 'best of class contract vehicle' by most federal agencies
- Provides collaboration among industry's most qualified contractors and federal agencies to successfully perform on complex tasks. Core disciplines include program management services, management consulting services, logistic services, engineering services, scientific services and financial services
- Can be used for CONUS and OCONUS requirements, classified and unclassified services
- Has a low contract fee ranging from 0.10% to 0.75%

Integral's Relevant Core Competencies

- Design, implementation and support of electrical, mechanical, structural, and system engineering solutions
- Architecture and construction using civil, structural and environmental engineering design
- Construction management and Environmental Safety and Occupational Health (ESOH) support
- Maintenance and support for complex and large mechanical, electrical and military equipment
- Design, implementation and monitoring of facility security and cybersecurity systems
- Extensive experience in designing and operating military and aerospace research facilities
- Proven track record of performance excellence exceeding clients' expectations
