Army Responsive Strategic Sourcing for Services (RS3) for Small Business

Contract Number: W15P7T-19-D-0060

The U. S. Army's Responsive Strategic Sourcing for Services (RS3) is a multiple award, performance-based, indefinite delivery/indefinite quantity (IDIQ) contract providing customized best value solutions that span the spectrum of Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance (C4ISR) mission requirements. RS3's primary service areas include Engineering; Research, Development, Test, and Evaluation (RDT&E); Logistics; Acquisition and Strategic Planning; and Education and Training Services.

RS3 has a \$37.4 billion ceiling value with a 10-year ordering period (five-year base and five-year optional). RS3 replaces five expiring/expired contracts — Warrior Enabling Broad Sensor (WEBS); Technical Information Engineering Services (TIES); Technical, Administrative, Operations Support Services (TAOSS); Rapid Response-Third Generation (R2-3G); and Strategic Services Sourcing (S3). Customers include various Army Contracting Command – Aberdeen Proving Ground (ACC-APG) customers as well as other Program Executive Offices (PEOs), Department of Defense (DoD) agencies, and federal agencies with C4ISR-related requirements within scope of the RS3 Performance Work Statement (PWS).

Integral's Capabilities and Value Proposition

Our value proposition combined with our best practices-based approach and proven capability developing tailored, innovative, and cost-effective solutions help us maximize customers' ability to perform their mission and meet their performance, budget, schedule, and quality goals.

Integral offers:

- Core competencies in multimodal biometrics; application development; engineering; RDT&E; intelligence analysis; logistics and acquisition support; and IT service management (ITSM)
- Ten years of proven experience supporting C4ISR missions for DoD agencies through effective and innovative approaches to design and deliver a wide spectrum of quality solutions and services

- Commitment to delivering highest quality solutions and services as evidenced by our quality accreditations—CMMI SVC/3, CMMI DEV/3, ISO 9001, 20000, and 27001
- Mature, proven, certified, and agile Project Management methodology minimizing risks and ensuring success
- Well-qualified, certified, and cleared workforce
- Well-established infrastructure comprised of Defense Contract Audit Agency (DCAA)-approved accounting system and Program Management Office (PMO) support
